

From the President

Dear Coaching Community,

I am delighted to continue serving the ICF Singapore Chapter in its growth and continued development. In this past year we have succeeded in developing professionally by learning, practising and credentialing. We collectively and individually increased our businesses through alliances and opportunity. We are developing a community by creating 'a place for coaches', by increasing the visibility of coaching in Singapore through a vibrant and caring coaching community. To view the [Activity Report for 2009-2010](#) please visit the Singapore Chapter website. These are all things to celebrate yet indicate that there is more work to do.

Collectively, we represent a wide range of expertise and talent. My intention is to continue developing our professional community internally and together extending a community of professional practice. Coaching is becoming a popular field. How do we maintain our ethical and professional standards while meeting the challenges of the people we serve?

This is an exciting period we are moving into and I invite you to be a part of shaping the presence of coaching in Singapore.

The new slate of officers for 2010-2011 comprises of:

Council Members for 2010-2011
